PROFESSIONAL SUMMARY

Healthcare operations leader with 15+ years of experience managing complex clinical and military organizations. Proven track record leading multimillion-dollar budgets, improving compliance, optimizing processes, and developing high-performing teams in high-stakes environments. Currently completing a Master of Science in Quantitative Management at Duke University, with hands-on experience in Power BI, SAS Visual Analytics, SQL, statistical modeling, and machine learning. Brings a strong ability to translate operational and workforce data into clear, actionable insights for senior leaders.

Core Competencies

Healthcare Operations | Business Analytics | Process Improvement | Regulatory Compliance | Budget Management | Strategic Planning | Training & Development | Cross-Functional Leadership | Dashboard Development | Data Visualization | SQL | Machine Learning

EXPERIENCE

DAVID GRANT MEDICAL CENTER — Travis Air Force Base, CA

Senior Healthcare Operations Manager – Diagnostic Imaging — *2025–Present*

- Oversee operations across seven imaging departments serving more than 276,000 patients annually and supporting 36,000 diagnostic procedures valued at $6.4M.
- Manage $44M in capital and operating budgets, delivering more than $1.1M in documented cost savings through vendor negotiations, process improvements, and workforce development initiatives.
- Lead patient safety and quality assurance programs, maintaining zero safety incidents for more than 12 months through staff training, compliance oversight, and evidence-based protocols.
- Lead the Air Force's first ultrasound department to earn American College of Radiology accreditation while directing education programs that graduate 20 healthcare professionals annually with a 100% completion rate.
- Apply lean process improvement methods to eliminate patient bottlenecks, strengthen inventory management, and reduce operational waste by $750,000 while improving patient experience and clinical outcomes.
- Developed Power BI dashboards to visualize operational data across imaging departments, enabling data-driven decisions on staffing, throughput, and resource allocation for senior leadership.

INCIRLIK AIR BASE — Adana, Türkiye

Consultant, Strategy, Plans and Operations — *2023–2024*

- Led an 80-person process improvement initiative that streamlined policy update procedures, reducing processing time by four months across an organization of 4,000 personnel.
- Partnered with 23 organizations to integrate resources and establish a centralized data hub, improving security, operational visibility, and logistics coordination for rapid response efforts.
- Designed and delivered a six-month, scenario-based training program that strengthened multinational coordination, emergency readiness, and operational effectiveness for 4,000 employees.

DAVID GRANT MEDICAL CENTER — Travis Air Force Base, CA

Team Leader, Medical Imaging Operations — *2020–2023*

- Partnered with seven regional directors to modernize training programs and operational standards for 737 medical professionals across 76 healthcare facilities.
- Delivered more than 120 hours of medical imaging certification training to six professionals, achieving a 100% pass rate, and validated 456 clinical procedures across three healthcare regions as a quality assurance specialist.
- Founded the organization's first management development program, building a leadership pipeline for 98 supervisors and supporting succession planning across 51 departments.
- Directed a $4M capital modernization effort, mentoring two managers through the procurement of six advanced imaging systems to sustain operations and expand clinical capacity.
- Led professional development and recertification efforts for 15 department supervisors and resolved 950 regulatory compliance issues within two weeks, improving organizational compliance scores by 65%.

DEFENSE VENTURE FELLOW Remote
Shift Innovation Program *2023*

- Selected for a competitive 12-week fellowship focused on venture capital, frontier technology, and national defense innovation.
- Embedded with Onai, a dual-use AI software company supporting both commercial and national security applications.
- Participated in weekly briefings on dual-use innovation, defense acquisition, and SBIR/STTR commercialization pathways.
- Explored applications of AI/ML, data infrastructure, and edge computing to support mission readiness and defense innovation.
- Developed insight into Department of Defense innovation pipelines, startup engagement, and federal contracting.

MEDICAL EDUCATION & TRAINING CAMPUS San Antonio, TX
Director, Diagnostic Imaging Education Program *2016–2020*

- Secured a $4,000 contract with the American Society of Radiologic Technologists, enabling 296 continuing education credits for 66 instructors across three service branches and saving the Defense Health Agency $5,900.
- Led development of 360-degree patient positioning videos and helped launch an augmented reality working group, reducing student hands-on lab time by 25% and improving training efficiency.
- Partnered with regional leaders to improve application processes and use data to support academic success, increasing program productivity by 30%.
- Applied Continuous Process Improvement Green Belt methods, including Fishbone analysis, to streamline instructor onboarding and reduce qualification time by 25%.

TECHNICAL SKILLS

Visualization & BI: Power BI, SAS Visual Analytics (Certified), Tableau
Programming & Querying: SQL, Python, R
Analytics & Machine Learning: Statistical Modeling, Machine Learning, Classification, Clustering, PCA, XGBoost, scikit-learn
Tools & Platforms: Excel (Advanced), SharePoint, Microsoft Teams

EDUCATION

DUKE UNIVERSITY, The Fuqua School of Business Durham, NC
Master of Science in Quantitative Management, Business Analytics *Expected August 2026*

UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN, **Gies College of Business** Urbana-Champaign, IL
Master of Business Administration August 2021

UNIVERSITY OF ARIZONA, Global Campus Chandler, AZ
Bachelor of Arts in Healthcare Administration April 2017

CERTIFICATIONS

Project Management Professional – Project Management Institute April 2026
SAS Specialist, Visual Business Analytics March 2026
Global Management, Entrepreneurship and Innovation – Arizona State 2024
Certified Master Trainer, United States Air Force 2020
American Registry of Radiologic Technologists, Computed Tomography 2015
American Registry of Radiologic Technologists, Radiography 2013
